## CS 242 Final Project Week 2 Manual Test Plan

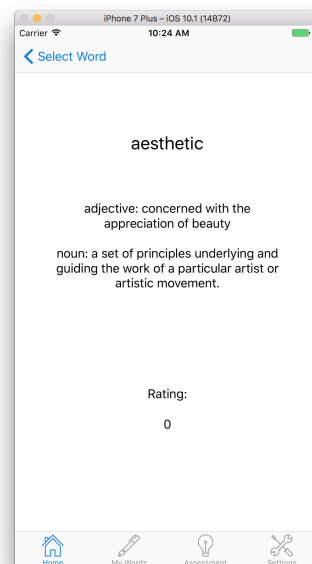

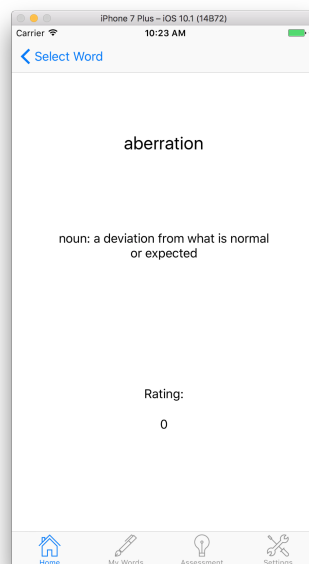

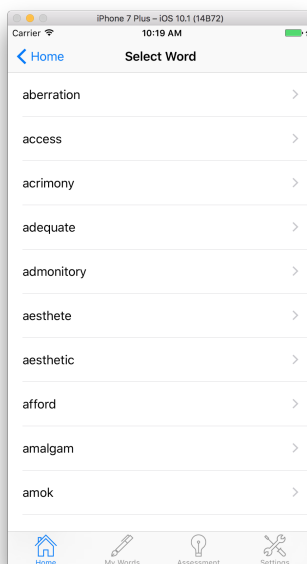

Ke Lu (kelu2)

---

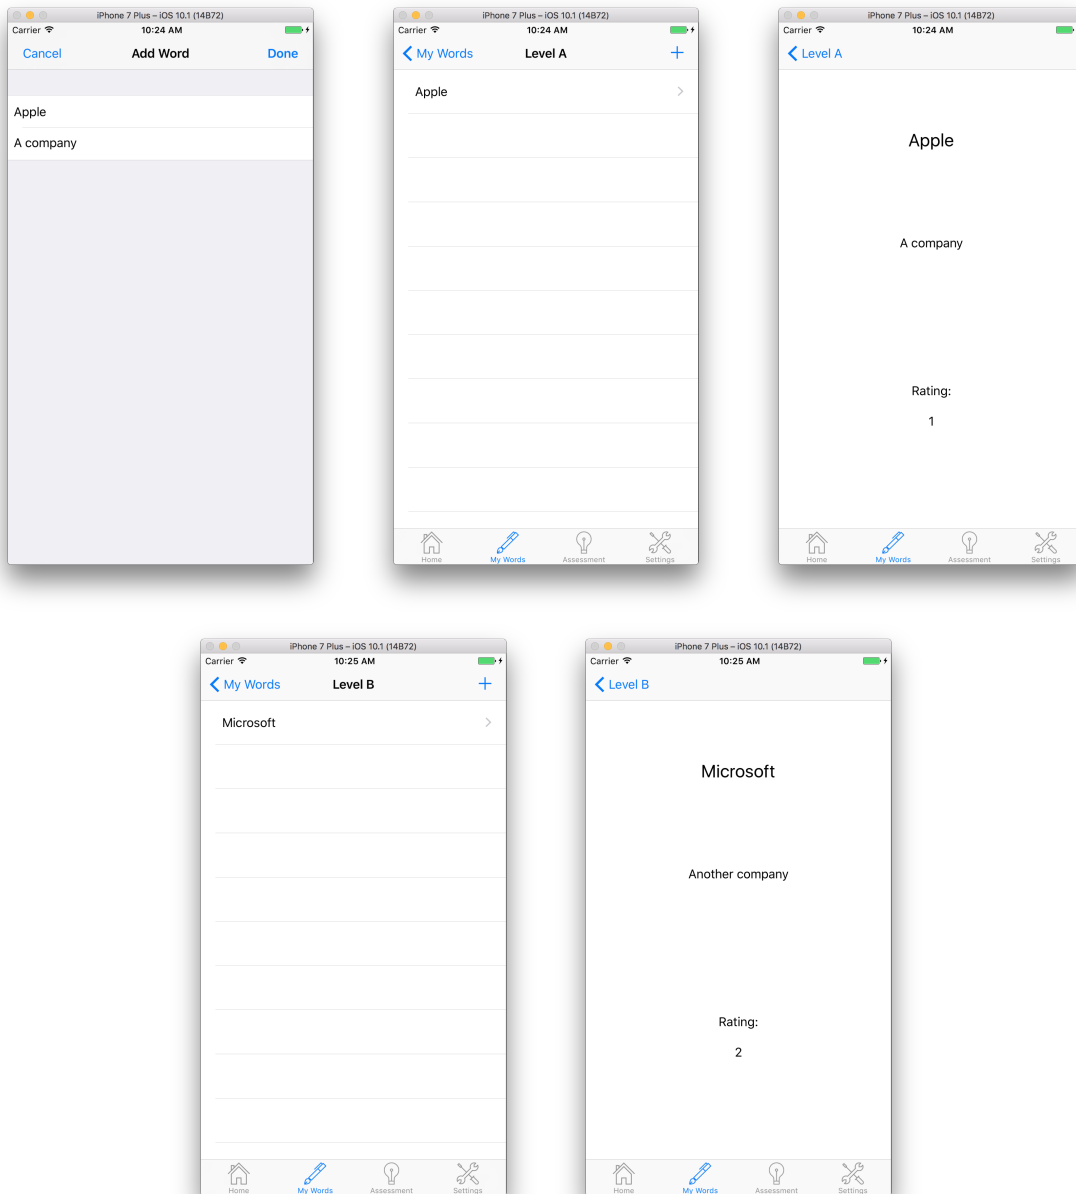

As we open the app, we can see the UI at the home page. This has been fixed to support multiple screen size, from iPhone SE to iPad Pro.

By clicking the “Word List,” we can see the screen containing all the words from the lexicon we retrieved. Clicking on any word and you will be directed to a page with detailed explanation of the word and rating.

Then, click the “My Words,” choose a level, and the “+” sign on the upper right corner. Now we can enter a new word with its meaning in the selected level (reflected in the rating part).

Thank you for reading!
